DIGITAL AGE WATCHWINDING TECHNOLOGY

the TOURBILLON WATCHWINDER

By constantly indexing the rest position of your watch(es) on this winder, any automatic mechanical watch achieves Tourbillon accuracy (patent pending). A lighted LED display indicates actual turns per day and resets to zero at midnight. A second display shows exact time to facilitate watch resetting if necessary. In single, double or triple watch versions. For detailed information, visit www.orbita.com.

GOING ON A TRIP?

Slip your mounted watch in the Voyager leather case with its own powered mini-winder. You can set it up wherever you are.

The Luxury Index is a high end luxury travel and rental website catering to the niche market of the wealthy. This is the only website on the internet offering such an extensive array of categories and services directed toward luxury travel and rental.

The Luxury Index is comprised of five categories and will be **FREE OF CHARGE**. Those categories are: Properties, Automotive, Marine, Aviation, and Personal services. Each category has various search features, such as: search by location on an interactive Flash map, a fill-in-search-box, and a picture search feature. The site will allow people of wealth to find the proper accommodations for all of their travel and rental needs as well as create additional revenue by renting their tenure.

Just for the fun of it.

Like you, we understand the joy of flying. And, like you, we recognize the importance of each and every aircraft purchase. In fact, few aviation companies can match The Jet Collection's depth of experience in developing integrated solutions for your organization when acquiring a new or pre-owned aircraft. Our team of experts provides unmatched value throughout the purchase process, and ensures that the aircraft selection you make will exceed your expectations.

Whether your aircraft needs involve frequent short trips or overseas travel, we believe there should always be joy in flying.

Unlike any other.

The Mercedes-Benz you've dreamed of may be more affordable than you think. With a Certified Pre-Owned Mercedes-Benz, you not only get an outstanding value, but your vehicle is backed by a comprehensive Pre-Owned Limited Warranty* and covered by Roadside Assistance** for as long as you own it.

Mercedes-Benz

MBUSA.com

*Mercedes-Benz Certified Pre-Owned Limited Warranty is for 1 year up to 100,000 total vehicle accrued miles. **Roadside Assistance may involve charges for parts, service and towing. At times, these services may be provided by an outside service courtesy of Mercedes-Benz Roadside Assistance. See dealer for details.

PUBLISHER'S LETTER...

FEBRUARY 2008

Dear Reader,

With the holidays behind us, we can finally all take a collective breath and slow down ... or not. If your business is anything like ours, the hustle and bustle is in full force year-round, making time the essential commodity.

That's where duPont REGISTRY™ comes in. As you browse through these pages right now, take note that you hold in your hands the fast-track to owning your next luxury, exotic, or collectible car. That's why we make sure our magazines are sold at commuter hubs worldwide and available in passenger lounges at private-jet centers (not that you are waiting). Essentially duPont REGISTRY™ is where you are, so when you find the time (good luck), rather than wearing out the soles of your shoes, you are a phone call away from acquiring a car from a reputable source. Utilize our customization and shipping partners and, in the blink of a phone call, the car of your dreams will arrive at your doorstep.

This February a lucky few of you will gather in Boca Raton, Florida, for the second-annual Boca Raton Concours d'Elegance. Headlined by none other than Bill Cosby, this is a can't-miss event. Kick off the weekend at our dR LIVE hangar party, benefiting the Boys and Girls Club of Broward County, at the Boca Raton Aviation Center. Hope to see you there.

Happy motoring,

Thomas L. duPont

For frequent flyers:
Patravi TravelTec GMT
featuring a world first
in time zone functions.

Just landed:
LIMITED QUANTITIES
NOW AVAILABLE.

The new Patravi TravelTec GMT features multiple time zone functions unique in the history of watchmaking: the third time zone display can be set either eastward or westward using the new single push-button mechanism for which the patent is pending. The automatic CFB 1901 chronograph caliber also allows the wearer to quick-set local time in hourly increments and to set the date backwards as well. The new masterpiece from Carl F. Bucherer will thus delight both frequent flyers and those who appreciate complex watch movements.

The Sikorsky S-92® helicopter provides the comfort of a fixed-wing business aircraft with the freedom of a medium sized helicopter. Featuring a spacious cabin, the S-92 can incorporate custom features including a galley, wet bar, closets, and even a lavatory. Active vibration suppressors and acoustic technologies make the cabin quiet and the flight smooth. With a six-foot high ceiling, the S-92 offers true stand-up headroom – enabling you to walk freely throughout the cabin.

The S-92 is the first helicopter to meet stringent new safety requirements established by the FAA and JAA. Safe, roomy, quiet, and flexible, the S-92 is ideal for those who require around-the-clock productivity.

INVO

Tread technology without compromise.

It's Time For An Upgrade.

The Invo is an ultra-high performance street tire that was specifically sized for staggered vehicles. It delivers an optimal balance of wet and dry performance, ride comfort and refinement. State-of-the-art computer engineering software and specialized digital testing equipment were used to produce an exceptionally quiet tread pattern and tread block shapes that reduce perceived road noise. The Invo is non-directional so that owners can even rotate tires on staggered fitments. This freedom of rotation reduces abnormal wear for a smooth, quiet ride. The Invo is an ideal balance of performance and ride comfort. It is the perfect complement to your luxury performance vehicle.

Publisher's Choice

For over 40 years, Richard Childress has been part of NASCAR's elite. As a team owner, he has won more than 175 races and 10 major NASCAR championships. To the uninitiated, he appears to be one of those Johnny-come-lately jet-setters, catching the wave of the sport at just the right time and riding it all the way to the bank. Nothing could be further from the truth. As a young man, he put together enough money to build a race car to compete on the bullrings of the Carolinas, driving all night after work to race, then driving all night back to make it back to work Monday morning. He drove the truck, built the cars and hand built all the engines. Richard Childress' life is about self-made success and associations with greatness, all the while staying true to his roots.

Never before has he opened up the doors to the shop and embraced a project like the 1969 RCR Series 3 Camaro. His personal involvement, as well as the input of RCR engine builders, chassis specialists, engineers and fabricators ensures this car will embody RCR excellence. The car is the perfect platform to translate all of RCR's knowledge learned on the race track to the blacktop of the street. From the custom "RCR Black" paint, to the actual race car pedal assembly, to the gear shift knob, the inspiration for this project came from the famous No. 3 race car. Most significantly, the RCR Series 3 Camaro includes two engines, one of which is an SB2 RCR powerhouse race engine built and tuned by the renowned RCR engine shop especially for this project. It sets this car apart from its peers. You can't get it in any other Camaro in the world. There will be only 50 Series 3 Camaros built. They will not come cheap, but you can't put a price on being a part of RCR legacy.

FORGIATO DESIGN

SPOTLIGHTING OUR COVER CAR

As if Rolls-Royce's latest \$400,000 Drophead Coupe wasn't visually stunning enough. But equip it with a set of 24-inch Forgiato 'Piastra' eight-spoke rims – like the ones featured on this month's cover car – and the big convertible Rolls suddenly takes on an even-grander style and elegance.

If you thought of these bold, dramatic, forged alloy rims as pure automotive jewelry, you'd be a lot closer to the truth than you imagined.

That's because Norman and AC Celik, the co-founding brothers of Arleta, California-based Forgiato Design, began their careers in the jewelry business – Norman as a goldsmith, and AC as a diamond setter.

The same kind of painstaking attention to detail, the same kind creativity to produce unique designs, and the same obsession to craftsmanship that went into their jewelry, now goes into producing their high-end wheels.

"Having spent more than a decade creating great jewelry helps us produce the kind of jewelry-like quality and finish that really separates Forgiato wheels from the rest," says AC.

Take your pick from a selection of no fewer

than 22 different rim designs, with sizes ranging from 19-inch to 24-inch. Then there's the choice of finishes – Chrome, Satin Silver Trim – though the Celik brothers will happily create any custom finish you want.

One of Forgiato's new-for-2008 creations is a stunning 24-inch five-spoke 'Ito' rim that's black with satin spokes and features a thin red band around the lip. Check out the company's website (www.forgiato.com) to see how they look on a Silver Bentley Continental GT.

Also look at Forgiato's breathtaking new 22-inch chromed 'Fiore' rims fitted to Jaguar's new XKR convertible, with the centers painted in body color and delicate white pin-striping used to highlight the contours. The name Forgiato means 'forged' in Italian and describes how the wheels are produced at the company's California facility.

Each rim is forged in three parts – an inner, a center and outer lip – using a special aerospace grade of aluminum called '6061'. It's the same kind of aluminum used in aircraft forgings that demand ultra high strength coupled with light weight.

The forging process involves heating up the

aluminum and forming the shapes using massive hydraulic presses. The raw alloy ingots are never fully melted during the process to avoid impurities or air bubbles becoming part of the alloy.

AC likens the process of compressing the aluminum into shape under great pressure to the natural process of creating diamonds. "The same way the earth creates diamonds is the same way we create our wheels," he boasts.

Right now, Forgiato supplies its wheels through a hand-picked network of 50 retailers worldwide. They're available for almost every brand of luxury vehicle, from Jaguar and Range Rover, to Ferrari, Lamborghini, Bentley, Rolls, Mercedes-Benz and BMW.

Naturally, the exquisite finish and craftsmanship construction of Forgiato wheels is reflected in the pricing. Expect to pay between \$1,250 and \$3,000 a rim, depending on size and style.

But when you are talking automotive jewelry, that's truly a small price to pay for such 24-carat quality. For more information, go to www.forgiato.com, or call 888-838-8784

2004 FORD THUNDERBIRD. This is designed to be a cruiser, which means it will perform as a luxury car or a sports car. The 3.9 liter V8 delivers 280 hp. This convertible seems to have every option that was available including the removable hard top. \$26,800. Please call (866) 346-7192.

2008 FORD F-650. This is a brand new Himarc conversion pick-up. It has a Cummins 6.7 liter diesel which can tow about anything you want to. Ford rates it at 26,000 towing capacity. This is a very unique truck. This truck does have an 8-foot bed. \$89,950. Please call (866) 346-7192.

2007 CHEVROLET MONTE CARLO SS. This car is incredible! It is large enough to seat four full size people very comfortably. And with the 303hp 5.3L V8 it is surprisingly quick. It also has a tight and stiff suspension. It is fully loaded with a sunroof. \$23,995. Please call (866) 346-7192.

2005 MERCEDES-BENZ CLK500. This is a one owner jewel. With just 31,905 miles this top of the line luxury convertible's impressive V8 power plant is not even broken in yet. Why not have the best of all worlds. \$39,845. Please call (866) 346-7192.

NEW 2007 FORD SHELBY GT. It has the Shelby retro look of the '60s, with the comfort and technology of 2007. This car comes with a 4.6L V8 with 300hp and a 5 speed manual transmission. It also has full power and a 6 disc audio system. \$38,950. Please call (866) 346-7192.

NEW 2008 FORD SHELBY GT500. This is the real thing with 500hp. The options included on this car are SIRIUS sat radio, DVD navigation, GT500 premier trim package, HID headlamps. The standard equipment includes leather, full power and 18" wheels. \$54,950. Please call (866) 346-7192.

NEW 2008 FORD MUSTANG SALEEN SC281. With 465hp. It has a supercharger that has instant gratification. And a suspension that will keep you on the road no matter how fast you're taking the curves. It is loaded with all the options. \$56,985. Please call (866) 346-7192.

NEW 2007 FORD SHELBY GT500 CONVERTIBLE. This is one of the most desired Sport Convertibles in the industry. This GT500 comes with 500 bhp, 6 speed manual transmission, leather, navigation, 6 disc changer, premier trim package, cloth top, and incredible handling capabilities. \$58,494. Please call (866) 346-7192.

EXERCISE IN EXACTLY 4 MINUTES PER DAY

Winner of the Popular Science Award for the
"Best of What's New" in Leisure Products

\$14,615

ROM • MANUFACTURED IN CALIFORNIA SINCE 1990

TIME IS IT. Over 92% of people who own exercise equipment and 88% of people who own health club memberships do not exercise. A 4 minute complete workout is no longer hard to believe for all the people who since 1990 have bought our excellent Range of Motion machine (ROM). Over 97% of people who rent our ROM for 30 days wind up purchasing it based upon the health benefits experienced during that tryout, and the ROM performance score at the end of each 4 minute workout that tells the story of health and fitness improvement. At under 20 cents per use, the 4 minute ROM exercise is the least expensive full body complete exercise a person can do. How do we know that it is under 20 cents per use? Over 90% of ROM machines go to private homes, but we have a few that are in commercial use for over 12 years and they have endured over 80,000 uses each, without need of repair or overhaul. The ROM 4 minute workout is for people from 10 to over 100 years old and highly trained athletes as well. The ROM adapts its resistance every second during the workout to exactly match the user's ability

to perform work. It balances blood sugar, and repairs bad backs and shoulders. Too good to be true? Get our free video and see for yourself. The best proof for us is that 97% of rentals become sales. Please visit our website at: www.FastExercise.com.

The typical ROM purchaser goes through several stages:

1. Total disbelief that the ROM can do all this in only 4 minutes.
 2. Rhetorical (and sometimes hostile) questioning and ridicule.
 3. Reading the ROM literature and reluctantly understanding it.
 4. Taking a leap of faith and renting a ROM for 30 days.
 5. Being highly impressed by the results and purchasing a ROM.
 6. Becoming a ROM enthusiast and trying to persuade friends.
 7. Being ignored and ridiculed by the friends who think you've lost your mind.
 8. After a year of using the ROM your friends admiring your good shape.
 9. You telling them (again) that you only exercise those 4 minutes per day.
 10. Those friends reluctantly renting the ROM for a 30 day trial.
- Then the above cycle repeats from point 5 on down.

The more we tell people about the ROM the less they believe it.

From 4 minutes on the ROM you get the same results as from 20 to 45 minutes aerobic exercise (jogging, running, etc.) for cardio and respiratory benefits, plus 45 minutes weight training for muscle tone and strength, plus 20 minutes stretching exercise for limberness/flexibility.

A Hawker 400XP twin-engine turboprop aircraft is shown in flight against a blue sky with light clouds. The aircraft is white with dark accents on the nose and windows.

HAWKER 400XP

A white Avantair P180 twin-engine turboprop aircraft is parked on a tarmac. The aircraft is viewed from the front, showing its large propellers and wings. The background is a bright, hazy sky with a warm orange glow, suggesting a sunrise or sunset. The aircraft is white with dark accents on the nose and windows.

AVANTAIR P180

The Avantair logo features the word "avantair" in a lowercase, blue, sans-serif font. Below the text is a stylized blue swoosh that starts under the 'a' and curves under the 'r', ending in a sharp point.

avantair®

Tired of dropping **money on fuel?**

AVERAGE FUEL COST PER HOUR*

Competition: **\$1,246**

Avantair: **\$287**

**Fuel numbers based on second quarter fractional industry fuel costs.*

Avantair will not only line your pockets with the extra 77% of the money you have been spending on fuel, we'll do it without compromising anything. Surprised? Actually the Avanti P.180 offers more comfort than the Hawker 400XP, with a cabin that is over a foot taller and wider. The P.180 is the perfect combination of safety, performance, fuel efficiency, comfort and value. — Call today to experience for yourself what our competition doesn't want you to find out about — Avantair, in a class all our own.

Executive Recruiting meets Personal Matchmaking

Selective Search™ – Taking the Labor Out of Finding Love

We've all been there.

All your life you wonder if you'll find her. Does she even exist?

You see friends in marriages bound by love and others who tied the knot under a cloud of self delusion, resulting in failed marriages. Meanwhile, everyone with an opinion tells you the same thing: "Your standards are too high. You spend too much time on your career. You don't put yourself in situations where you can meet someone of quality."

So you do as any single man would – you date. You know the drill... You tell yourself she's good for now. You stay together because of convenience, physical perks or because flying solo lost its appeal.

So now what? You settle.

Wrong answer. I know from experience success doesn't happen by chance, and settling is the quickest road to misery, chaos and a divorce attorney on speed dial.

I was a top executive recruiter retained by Fortune 500 companies to identify and handpick the most seasoned and well-suited candidates to join their corporate empires. Life was fulfilling both personally and professionally, though I couldn't say the same for my peers. They had everything going for them except personal relationship success. I knew first hand their dating horror stories and how some of these incredible singles had simply given up. With my own personal life intact, I had an overwhelming desire to make a difference in their personal lives.

I turned to my background as an executive recruiter to address the challenge and create the solution.

If the vetting process is so effective in corporate America, why wouldn't I apply the same methodology to personal lives?

If the vetting process is so effective and efficient in corporate America, why wouldn't I apply the same methodology to personal lives?

My answer: Executive Recruiting meets Personal Matchmaking.

And Selective Search, Inc. was born.

Barbie Adler - Selective Search, Founder & President

Selective Search operates as a personal recruiter – an upscale, offline, old-fashioned, boutique matchmaking firm. We work one-on-one with our clients to achieve their personal relationship goals. By employing proven executive recruiting techniques, we cherry-pick the must-meet women for our clients, allowing us to match them with the love of their life.

Founded in 2000 with offices and clients nationwide, Selective Search is the solution for high caliber, commitment-minded single men. Our clients have no problem dating, but they don't have the time, visibility or access to the caliber of women they are looking to meet.

Our success rate speaks for itself: 30 percent of our clients form exclusive relationships from the first introduction and 45 percent need merely three introductions before forming exclusive relationships that lead to marriage.

The foundation of success stems from our team of seasoned matchmaking and executive recruiting professionals. Adhering to responsible matchmaking, we act as your 'wing woman' and confidant – the insightful sister you never had – providing feedback on dating patterns and helping clients become the best version of themselves.

Under our proven model, we eliminate any conflict of interest. Retained exclusively by male clientele, Selective Search has no barriers for quality women to join our network, no cost to enroll. We act as your personal recruiter – scouting, screening, weeding out the inappropriate candidates and interviewing the must-meet individuals in-person. As a result, we produce highly successful relationships. Success is not measured by the quantity of dates but rather the quality of introductions and in achieving the end goal.

Selective Search honors both individuals' time and preferences. When selecting the ideal match for our client, the woman will also know the client is the ideal match for her. We pride ourselves on having the access to and the trust of the largest network of exceptional women that continues to expand through the women themselves.

Consider the alternative. Under the traditional dating service model, clients fall victim to receiving mismatched dates, matching only paid clients with other paid clients in order to fill both quotas.

Cut to — our model. Imagine having your own executive recruiter focused solely on your personal life, acting as your 'personal recruiter,' scouting, screening and weeding out the inappropriate candidates, interviewing the must-meet individuals in-person, and introducing you to your future.

You are strategic and savvy in everything you do; it's time to apply the same wisdom to the most important search of your life.

Selective Search: Let us take the labor out of finding love. ■

"As an aftermarket product, TOOKI installs quickly and easily allowing hands-free Bluetooth phone operations as required by law in many states making the roads much safer," says Moni Melman, NAV-TV CEO

Unlike other Bluetooth kits on the market, the TOOKI by NAV-TV integrates directly with the vehicle. Drivers use their radio controls and steering wheel buttons to place, answer and terminate calls.

Based on a PARROT Bluetooth OEM module, the TOOKI by NAV-TV supports a wide variety of mobile phones and can be updated via a Bluetooth enabled laptop for new phones as they are released.

TOOKI by NAV-TV is the first and ONLY aftermarket solution of its kind, operating directly with the vehicle's M.O.S.T. fiber optic system.

Eligible Man?...

Find Your Other Half!

HE CAME ON A DARE...

A Stanford MBA, 44 years old. A man who years ago would have scoffed at the idea of seeking professional help to find love. But his world had come to that. He didn't have the time or the patience to wait for chance to unfold. He knew that with a trusted professional the probability was higher he'd find The Right One.

AND THIS PROFESSIONAL IN PARTICULAR...

Still, he was skeptical of the outcome. He knew how effective an executive search firm was in the world of business, yet he had to overcome his resistance of seeking out a matchmaker for his love. After all, men work from desire and chemistry and how does the matchmaker interpret this on paper?

AND SO HE WONDERED WHAT TO EXPECT...

He met with Jill Kelleher and was captivated. She doesn't use videos, psychological tests, or notebooks full of photographs. Her approach is straightforward - she listens, asks questions and listens some more. She may ask for references. If she thinks she can find you someone she accepts you, otherwise not.

THE FIRM ARRANGED SEVERAL DATES...

He was extremely hard to please, and although he met several very intelligent, beautiful women, none was *her*. In the real estate of the heart, it's chemistry, chemistry, chemistry...

AND THEN SHE CALLED...

From the moment she walked in, he knew. It wasn't just the instant chemistry - it was as though his wish list of desired attributes had magically come to life. Drinks led to dinner, dinner led to enchanting phone conversations, and mere weeks later they met in the Far East and had the time of their lives in Bangkok. He was amazed; he never believed that he'd connect with a woman like this, and yet here she was.

Amber Kelleher-Andrews
Co-Founder and CEO

5 *Top reasons why America's most eligible MEN choose Kelleher & Associates to find their perfect mate:*

1) THE COMPANY

Kelleher & Associates is a National Search Firm. Similar to an Executive Search Firm, we match clients based on specific criteria and in-depth personal interviews. We have over 2 decades of experience, fully staffed offices throughout the US, and representatives in over 17 cities worldwide.

2) EXPERIENCE

Our professional staff consists of over 36 skilled and dedicated associates, with the experience of successfully matching thousands of single men and women. We know just what it takes to discreetly find that elusive perfect match.

3) EXCEPTIONAL CLIENTELE

Kelleher & Associates is not a dating service, nor are we for everyone. Our exceptional clientele are selective, and so are we. They are sophisticated, passionate, educated professionals, ready for romance and excited to share their life with someone special.

4) THE PROCESS

Kelleher & Associates works closely with each individual. We are not interested in setting our clients up for a Saturday night date; rather, we are dedicated to finding them the love of their life.

5) SUCCESS RATE

With nearly one thousand marriages to our credit and 85% success rate for long term, committed relationships, Kelleher & Associates is quite simply unparalleled in this field.

HOW TO LEARN CLOSE COMBAT FOR FREE

The Close Combat Company's concept of a free 30-day trial period gives you the opportunity to explore Captain Chris' **Close Combat Training** system in your home or office at your convenience, and to genuinely find out if Close Combat is what you are looking for. After a full month of watching the DVDs, reading the field manuals, exploring the interactive CD-ROMs, and learning all about Close Combat, you decide whether or not you want to keep the program.

Here's some of what you'll learn during your free trial...

- **Incredible "military tricks" that will take you from absolute rookie to a master of Close Combat in just a few short hours (It's really that easy)**
- The 8 "tactical" combat coordinates you must know to win a violent encounter with any attacker- including the horrendous "Hollywood" mistakes most people make that get them seriously hurt or killed! (Some of the "normal tendencies" you have are 100% wrong!)
- **How to control the "shakes" and super-hot adrenaline dump that occurs during tense, violent situations! (You'll be cool, smooth and effective no matter how confusing things get...just the opposite of how most men react!)**
- Viscious, stomach-churning but simple moves that allow you to "lead" him by his chin all the way to the ground...hard. The body goes where you lead it, like a lifeless slab of meat. (REAL fight enders- NOT tapouts)
- **How to get away from a larger attacker that surprised you. It's instantaneous, keeps you safe from any blows, and puts him so off-balance he's toast for your next move. The bigger he is, the better.**
- How to break up the most common attacks in the street with a single, simple move. (Instantly cancels out anything an experienced street fighter, boxer, or martial artist can throw at you.)
- **How to dislocate an attacker's elbow so quickly that he will literally throw up from his body going into shock (Do NOT try this one out on your buddies unless you want to pay their hospital bill!)**
- The guaranteed, easiest, most effortless way to toss ANY man right on his head...and break his arm on the way down if you choose to do so! (There's good reason this is illegal in competition Judo and Wrestling)
- **How to snatch a loaded gun right out of a "Gangsta's" hand so fast it will literally tear his trigger finger off! (And then how to cave his chest in without skipping a beat)**
- Exactly how to put anyone down...FAST, who walks up to you and grabs your shirt, ready to bash your face in. (This is the most common attack in bars, parties, and other places where people with lots of "liquid courage" cause trouble)
- **Plus much, MUCH more...(Take a look at that HUGE 11 DVD, 2 CD-ROM, & 3 Field Manual Kit Above!)**

FEAR NO MAN

This Close Combat Training package regularly costs \$297. But because of this special "test-drive" promotion, right now you only pay \$9.95 (or \$39.97 International) to cover postage for this large module of material I'm sending you.

I solemnly swear to show you how to cut right to the chase and give you the hands-down BEST answers and battlefield PROVEN Close Combat techniques and training methods to conquer your problems, your fears, and of course...anyone stupid enough to ever put their hands on you or your family.

If you love the program, keep it. You'll be billed automatically and have the opportunity to review our advanced training courses at no charge as well. But if you are not absolutely convinced that it is the finest instructional value ever offered, return it anytime within that month for a prompt and courteous refund.

HOW TO ORDER YOUR FREE TEST DRIVE

Please rush Captain Chris' FREE Close Combat Training test-drive package out to me immediately so I can walk the streets with NO FEAR in my heart - because I know that I'll be able to take on (and destroy) any fighter or criminal thug, anywhere, under any circumstances.

Who are we?

Ferrari Service of St. Louis is a factory authorized service, parts and accessory dealer.

Do we sell new Ferrari?

No, we do not sell new Ferrari motorcars. However, we do carry a very nice inventory of hand picked Pre-Owned Ferrari Motorcars. All of our Pre-Owned Ferrari inventory has either already been or can be freshly serviced prior to delivery as per the factory service schedule, please ask your sales person for details.

What does this mean?

It means we can do warranty, recall and all scheduled Ferrari

services using genuine factory parts with factory trained technicians with the full support of Ferrari North America.

Where are we?

We are centrally located in St. Louis, MO. We own and operate two transporters (enclosed and open) and can pick up and drop off as needed. We also service Roadside assistance!

What else do we do?

We are factory authorized Bentley, Maserati and Lamborghini dealer. We also carry a large inventory of late model low mileage exotic motorcars.

If you find yourself geographically "in between" Ferrari dealers, try us for factory authorized service.

REDEFINED SUBTLETY

It's said that the journey of a thousand miles begins with a single step. For Perfection Autosport, the voyage to develop one-of-a-kind, high-performance luxury automobiles begins with a single passion.

With more than 50 years of combined experience, the team at Perfection Autosport shares the excitement of creating some of the most magnificent muscle cars ever to hit the road. From the very beginning of a project, master designer David Salvaggio and a highly skilled team of craftsman painstakingly work to produce extraordinary vehicle designs that not only look pristine, but also deliver the ultimate driving experience.

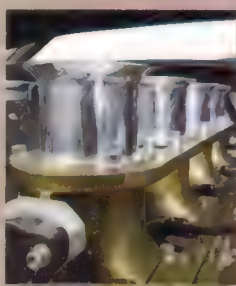

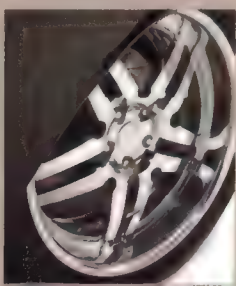

Specializing in American-made muscle cars from 1964 to 1970, Salvaggio incorporates an exclusive style called drastic subtlety. Each vehicle is hand-crafted to maintain its recognizable heritage lines,

but high-tech changes bring the performance up to today's standards.

Featured in more than a dozen national and international publications, Perfection Autosport has achieved a worldwide reputation for its unique muscle cars. With Salvaggio's impeccable designs, the company has received several awards and honors and has partnered with a major American automobile manufacturer to help launch new products.

While all of its creations are works of art, the vehicles also are designed so you can enjoy the thrills of driving a high-horsepower luxury American muscle car. So when Perfection Autosport says, "Don't just dream it, drive it," they mean it.

WHY FOLLOW WHEN YOU CAN LEAD

ENGINEERED TO A DIFFERENT STANDARD

Coming off NASCAR Turn 3 at Pocono. Triple digit speeds. In the wet.
You'll know why you chose XV.
You also know it's ground we've already covered.

Old school technology is about going fast in a straight line.
At XV we expect far more than that.
We want it all. The total package.
How about you?

On the Street or on the Track, NOTHING else comes close.

Indoor Car Covers...from \$273 Plus S&H

(available colors)

A duPont REGISTRY™ exclusive, our indoor covers are made from a material that stretches to contour the shape of the vehicle like a glove. It has a satin-like, yet tough exterior and a fleece-soft interior that pampers the finish of your vehicle.

Outdoor Car Covers...from \$299 Plus S&H

(available colors)

The duPont REGISTRY™ outdoor cover has been developed for those who will accept nothing but the best for their prized possession. A high-quality micro-fiber is miniaturized and tightly joined by a new weaving technology that keeps moisture from penetrating from the outside but allows vapor molecules to escape from within.

All covers come with a full one-year warranty.

**prices vary depending on size of vehicle*
